Re: Class A Backfill  
Frey Pit

This letter represents the results of our laboratory testing and analysis associated with the above referenced material received by our laboratory.

The laboratory testing and methods used were in accordance with the county "Standard Specifications for Public Works Construction" 2016 edition and applicable ASTM standards.

The attached test report represents the actual laboratory data gathered during the testing process. The material tested complies with the minimum standard specifications set forth in the "Standard Specifications".

We trust this provides you with the information you require at this time. If you have any further questions regarding this report or require any additional testing, please feel free to contact me at (775) 883-7077.

Sincerely,

Mitch Burns, P.E., C.E.M.

Materials Engineering Manager

Lumos and Associates, Inc.
